

# thaw

the collection

# Thaw | la collezione

Realizzare una collezione pensata per soddisfare le differenti esigenze dell'ufficio direttivo, ossia la funzionalità ma anche il prestigio e la rappresentatività: ecco l'intuizione da cui nasce THAW, con le sue linee sobrie, la sua equilibrata bellezza, a testimonianza di un impegno profondo nella ricerca della qualità.

## Thaw The collection

*When designing a collection aimed at catering for the different needs of an executive office, it is necessary to look at functionality, but also prestige and image, and it is from these elements that Thaw was created with its sober lines, well balanced beauty which represent the profound commitment in the search of quality.*

Un'atmosfera ricca di calore e di emozioni  
An atmosphere rich in warmth and emotions

L'ufficio direttivo, in una dimensione classica  
The executive office styled in a classical dimension

THAW viene proposto nelle versioni in noce o in palissandro.

Due modi di intendere l'ufficio, due stili diversi, accomunati da un identico concetto dell'eleganza.

### Wood materials

*Thaw is available in walnut or rosewood. Two ways of interpreting the office, two different styles united by an identical concept, elegance.*

Finitura palissandro - Rosewood finish

Finitura noce nazionale - National walnut finish

L'attenzione ai **particolari**

La cura di ogni dettaglio crea un valore in più. Le strutture delle ante in vetro, ad esempio, vengono innestate mediante un taglio originale e raffinato, mentre gli angoli dei mobili sono in massello arrotondato.

### The meticulous attention **to detail**

*The meticulous care and attention to detail give this collection an additional value. For example the glass doors with their refined and original cut and the solid wood curved edges of the furniture.*

## La Raffinatezza

Il palissandro rappresenta una soluzione sicuramente ideale per l'ufficio di classe. Il suo particolare cromatismo dona infatti all'ambiente un'ufficialità e un'importanza subito evidenti.

## The Refinement

*Rosewood definitely represents the ideal solution for creating an elegant and refined office. Its particular emphasis on colour gives the office an immediate professional discerning profile.*

La Solidità | The Solidity

## L'ufficio

Intenso, caldo, generoso: il noce sa regalare sensazioni sempre diverse, capaci di sedurre ogni volta in modo nuovo. Con un fascino destinato a durare nel tempo.

### The Office

*Intense, warm, generous; walnut is the solution that stimulates different and new sensations seducing every time in a different way. Its appeal and charm are destined to last in time.*

## Meeting i tavoli

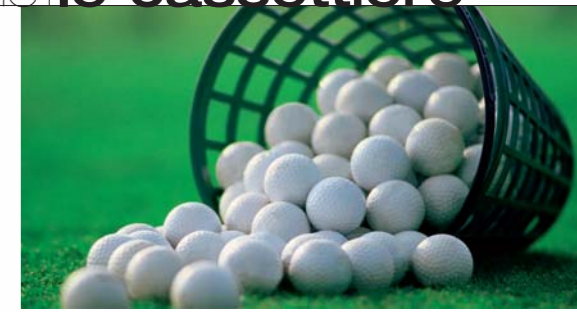

Oltre che nelle soluzioni classiche, quadrata e rettangolare, i tavoli sono disponibili in versione a forma rastremata.

### Meetings **Tables**

*As well as offering the classical square and rectangular solutions, tapered conference tables are also available.*

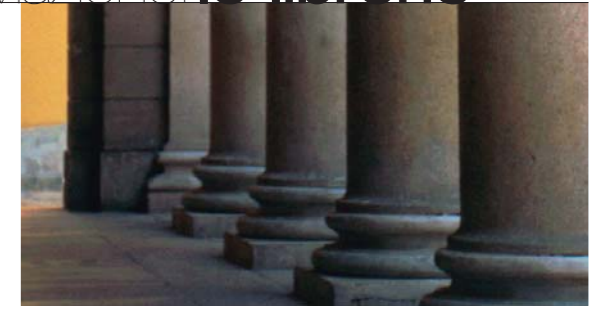

Un ambiente di pregio sa mettere a proprio agio sia chi vi lavora sia l'ospite: per questo la funzionalità e il comfort sono caratteristiche irrinunciabili.

The organisation  
**The drawer units**

*A professional and elegant office creates a welcoming effect putting at ease both who works in the office and visitors. That's why functionality and comfort are characteristics that cannot be neglected.*

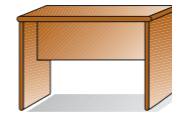

### Filing The credenzas

Alle librerie, è possibile aggiungere una fiancata in legno con bordo stondato. Un'altro dettaglio esclusivo, per personalizzare l'ufficio.

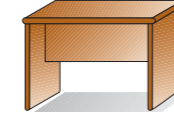

*It is possible to add an additional wood side unit with curved edges to credenzas. Another exclusive detail for personalising the office.*
